

"Pit Organizer".

Dette er ment som en praktisk hjælp til at få din ryttergård mærket med anviste pladser til kørerne.

Den er til fri afbenyttelse.

Den er opdelt i individuelt 16 mands + 2 reserver og i Danmarksturneringsformat.

Det er de to mest almindelige anvendelser.

Der er kørernumre , hjelmfarver og heatinddeling.

Siderne i A4 format har to kørernumre på hver side, således at de ved deling giver 2 skilte i vandret A5 størrelse.

Print dem ud i farver på karton eller plastic, eller på papir til opklæbning på karton, som du kan dele og få plastlamineret.

Klæb de individuelle numre på den ene side og DT numrene på den anden side for at mindske antallet af skilte.

Brug et hulslag til at lave 2 huller i overkanten af hvert skilt, og sæt nogle små kroge op i ryttergården med hullernes afstand ved hver kørerplads.

Du kan nu hænge skiltene op med den ene side udad til individuelle løb, og den anden side udad til Danmarksturneringen.

Ved udskiftning af et defekt eller bortkommet skilt, kan du i funktionen Filer / Print nøjes med af skrive den side ud, hvorpå det manglende skilt er.

Du behøver ikke at udskrive hele striben.
