## **FIM FRHPhe-02 homologated helmets - Continental Championships**

Dear Presidents and Secretaries General / CEOs of CONUs,

The safety of motorcycling riders is the utmost priority for the FIM. Together with our Continental Unions and National Federations, we endeavour to promote the highest standards of safety across all our sanctioned events by prioritising the well-being of participants in the competitions above any other consideration. The FIM homologated helmets programme is designed to comply with this objective.

The FIM homologated helmets meeting the level 02 standard of the FRHP (FRHPhe-02) is mandatory as from 2026 in all FIM World Championships / Prizes. All FMNs, CONUs, FIM World Championships / Cups Promoters and FIM riders were duly informed on several occasions.

Considering that circuit racing and off-road FRHPhe-02 helmets may not be available on time for all riders participating in the 2026 Continental Championships, the FIM decided that the FRHPhe-02 helmets would be highly recommended in the 2026 Continental Championships and mandatory in the 2027 Continental Championships.

For your complete information, please find below the list of the official reference contacts declared by each **circuit racing** helmet manufacturer homologated on 26 January 2026 for any question, request or order.
